Join us as we raise awareness for the mental health needs of children, adults, and families.

We'll also welcome riders from the Department of Children's Services in Clinton.

Guests may enjoy the climbing tower, 15 vendor booths, musical guests, and dignitaries.

Together we can change the way we think about mental health through prevention strategies, early screening, and public awareness!

Together we can stamp out the stigma associated with mental health care and promote the use of early mental health screenings for children and adults!
